contract awards of DoD funds to any institution of higher education that has a policy of denying, or that effectively denies, military recruiting personnel entry to campuses, access to students on campuses, or access to directory information on students. DoD Directive 1322.13, "Military Recruiting at Institutions of Higher Education," codified at 32 CFR part 216, implements section 558. A copy of section 558 and DoD Directive 1322.13 is enclosed.

Under DoD Directive 1322.13, this letter provides you an opportunity to clarify your institution's policy on military recruiting on the campus of XYZ College. In this regard, I request the official written policy of the institution about visits of civilian employers (public or private) and military recruiting personnel to the campus for recruiting college students, and access to directory information on students.

Based on this information, a determination shall be made by the Assistant Secretary of Defense for Force Management Policy as to your institution's eligibility to receive DoD funds by grant or contract. Should it be determined that XYZ College is not qualified to receive such funds, all current programs requiring payment to XYZ College shall be stopped, and it shall be ineligible to receive future payments of DoD funds through grants, contracts, and other applicable agreements.

I regret that this action may have to be taken. Successful recruiting requires that the Department's recruiters have reasonable access to students on the campuses of colleges and universities, and at the same time to have effective relationships with the officials and student bodies of these institutions. I hope it will be possible for military recruiters to schedule recruiting visits at XYZ College in the near future. I am available to answer any questions.

Sincerely, Enclosures

Dated: May 22, 1995.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

40 CFR Part 9

[FRL-5211-8]

OMB Approval Numbers Under the Paperwork Reduction Act

AGENCY: Environmental Protection

Agency (EPA).

ACTION: Technical amendment.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this technical amendment amends the table in 40 CFR part 9 that displays the Office of Management and Budget (OMB) control numbers issued under the PRA.

This technical amendment amends the table of OMB control numbers to include the OMB control number for the information collection requirements in the rule entitled "Mandatory Patent Licenses Under Section 308 of the Clean Air Act."

EFFECTIVE DATE: This final rule is effective June 29, 1995.

FOR FURTHER INFORMATION CONTACT:

Thomas Eagles, Office of Policy Analysis and Review (Mail Code 6103), Office of Air and Radiation, U.S. Environmental Protection Agency, 401 M Street SW., Washington, DC 20460. Telephone: (202) 260–5585.

SUPPLEMENTARY INFORMATION: EPA is today amending the table of currently approved information collection request (ICR) control numbers issued by OMB for various EPA regulations. Today's amendment updates the table to display accurately the information requirements promulgated under the rule entitled "Mandatory Patent Licenses Under Section 308 of the Clean Air Act" which appeared in the **Federal Register** on December 30, 1994 (59 FR 67636–9). The affected regulation is codified at 40 CFR part 95.

EPA will continue to present OMB control numbers in a consolidated table format to be codified in 40 CFR part 9 of the Agency's regulations. The table lists the CFR section numbers with reporting and recordkeeping requirements, and the current OMB control numbers. This display of the OMB control numbers and its subsequent codification in the Code of Federal Regulations satisfies the requirements of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.) and OMB's implementing regulations at 5 CFR 1320.

A final rule entitled "Mandatory Patent Licenses Under Section 308 of the Clean Air Act" was published in the Federal Register on December 30, 1994. Notice of the ICR for this rule was previously published for comment on August 29, 1994 (59 FR 44392). OMB approved the ICR on October 3, 1994. The OMB approval of the ICR and the associated OMB control number were published in the Federal Register on December 30, 1994 (59 FR 67637). As a result, EPA finds that there is "good cause" under section 553(b)(B) of the Administrative Procedure Act (5 U.S.C. 553(b)(B)) to amend the table of OMB control numbers without prior notice and comment. Due to the technical nature of the table, further notice and comment would be unnecessary.
